

Galaxy Girls

This season, the **Galaxy Girls** have truly lived up to their name, lighting up the field with skill, spirit and sportsmanship that would make any coach, parent or pro proud. With most of our games won, what stands out even more than the scoreboard is the heart, hustle and harmony this team shows every single match.

Each of the girls has their own impressive gameplay. Here's a summary of their skills and the Matildas legends they remind us of:

Rosie – Twinkle Toes (like Steph Catley):

Rosie's dazzling footwork and team-first attitude make her a standout in every match. Like Catley, she combines technical skill with calm leadership, always lifting the team with her smart play and positivity.

Birdie – Focused Forward (like Mary Fowler):

Birdie brings focus and determination to our forward line, always ready to push for that next opportunity. Like Gielnik, she's learning to find space and time her moves with growing precision.

Stella – Relentless & Ready (like Caitlin Foord):

No matter the challenge, Stella gives her all - fast, skilled and fearless in any position. Her tenacity and versatility make her a key asset, just like Foord's ever-reliable presence for the Matildas.

Emilia – Powerful & Precise (like Ellie Carpenter):

With a commanding boot and a sharp game sense, Emilia turns defence into attack seamlessly. Whether anchoring the back or driving play from midfield, she brings real strength and smarts to the pitch just like Carpenter.

Hattie – The Everywhere Player (like Katrina Gorry):

Whether it's a last-minute tackle or a surprise goal, Hattie is always in the thick of the action. Her energy and instincts resemble Gorry's signature intensity, covering every blade of grass with intent.

Lydia – Graceful & Goal-Driven (like Hayley Raso):

Lydia combines speed, elegance and precision, making her a natural goal scorer. Like Raso, she plays with flair and focus, always poised to shift the momentum with a well-placed strike.

Indie – Developing with Determination (like Kyra Cooney-Cross):

Indie is on a journey of growth - learning the game, discovering her strengths and gaining valuable match experience. Like Cooney-Cross in her early days, she's gaining the tools to play smarter and stronger each game.

Catalina – Confident & Climbing (like Clare Hunt):

With every match, Catalina steps up her game, making sharp tackles and setting up smart plays. Her progression mirrors Hunt's rise: steady, strong and full of promise.

Maggie – Midfield Dynamo (like Clare Wheeler):

A newcomer to Galaxy who plays with heart and hunger, Maggie is eager for game time and always ready to give it her all. Like Wheeler, she's got the spark and drive that hint at big things ahead.

Rachel – Calm & Commanding Keeper (like Mackenzie Arnold):

Reliable and composed, Rachel anchors our defence with discipline and sharp reflexes. Like Arnold, she brings leadership and calm under pressure, keeping the Galaxy Girls secure between the posts.

Every player on this team has contributed to our incredible season so far and, more importantly, shown what it means to support each other, learn from every match and play with pride.

Here's to more growth and more greatness ahead. Keep shining, Galaxy!
